Early termination of the share buyback mandate

It is recalled that Neoen has signed a mandate on September 25, 2020 with an investment services provider to purchase up to 163,000 shares during the period from September 28, 2020 to May 15, 2021, for a maximum amount of 45 (forty five) euros per share. The purpose of this transaction was to acquire shares for allocation to maturing free shares plans.

On April 7, 2021, the Company acquired 163,000 of its own shares at an average price of 42.7079 euros. The share buyback mandate was therefore terminated early as of that date.

The early termination of the share buyback mandate does not affect the execution of the liquidity agreement.
