

Project Financial Controller

About Neoen

Neoen is one of the world's leading independent producers of exclusively renewable energy. Neoen has 5.4 GW of solar, wind and storage capacity in operation or under construction in Australia, France, Finland, Mexico, El Salvador, Argentina, Ireland, Portugal, Jamaica, Mozambique, and Zambia. The company is also active in Croatia, Ecuador, Italy, Sweden, and the USA. Neoen's flagship assets include France's most powerful solar farm in Cestas (300 MWp), and two of the world's largest lithium-ion batteries: Hornsdale Power Reserve (150 MW / 193.5 MWh) and Victorian Big Battery (300 MW / 450 MWh), in Australia.

A player in the fight against global warming and the energy transition, Neoen's mission is to design and implement the means to produce the most competitive renewable electricity, sustainably and on a large scale. As a responsible company whose long-term vision is reflected in a strong and sustainable growth strategy, Neoen is targeting more than 10 GW capacity in operation or under construction by end of 2025.

Neoen (ISIN Code: FR0011675362, ticker: NEOEN) is listed in Compartment A of the regulated market of Euronext Paris.

Role purpose

Our Australian **Financial Control Team** is looking for a **Project Financial Controller** reporting to the Head of Financial Control.

You will perform all day-to-day major project financial operations duties, and also work closely with the projects management team and outsourced accountants, ensuring duties are performed according to finance and accounting procedures, whilst anticipating how the finance functions you are performing can support the growth and operations of Neoen in the Australian region.

In the Australian financial control team, you will be responsible for performing the duties required to support major projects and Australian operations, including:

- Financial and operational report of the major project group companies including:
 - Monthly financial (including P&L, CAPEX and cash flow forecasts) and operational reports,
 - Cash management (cash-flow forecast)
 - Annual budget, reforecast and business plans
- Invoicing and monitoring of receivables
- Monitoring debt drawdown, and compliance with debt covenants and mandatory operational and financial reports
- Provision of required reports under the facility agreements
- Quarterly operating reports
- Monitor Renewable Energy Certificates generation issuance and transfer when necessary
- Enhancing the accuracy of the annual financial statements and ensure that reported results comply with local GAAPs.
- Ensuring proper control of local tax returns prepared by local external accountants
- Provision of key documentation and information during the audit processes

- Ensuring proper controls of accounting operations (Invoicing of Electricity generated, monitoring of receivables, payments, etc.)
- Implementing internal controls
- Tax planning and process optimization
- Provision of information for board and general meetings as required
- Provision of information to the Consolidated team based in France

You will be based in either Sydney – NSW or Canberra – ACT, Australia, and may be required to travel to Sydney, Canberra, or other areas.

Candidate profile

- Tertiary qualifications in a relevant discipline: Accounting, Finance or Economics
- Obtained or working towards obtaining CPA/CA
- 3-5 years finance / accounting experience
- Demonstrated skills in data analysis, financial and business management, and internal controls, ideally gained within the Finance division of a Professional Services or Consulting / Advisory firm, or in Corporate Finance within the Utility / Infrastructure Sector.
- High attention to detail
- You have full working rights and are currently residing in Australia

Conditions

- Permanent contract
- Based in Sydney or Canberra
- Starting date: as soon as possible

Please send your CV to Joanne Sarks, Head of Financial Control at joanne.sarks@neoen.com
