

Project Finance Analyst (M/F) VIE Program

About Neoen

Neoen is one of the world's leading independent producers of exclusively renewable energy. Neoen has 5.4 GW of solar, wind and storage capacity in operation or under construction in Australia, France, Finland, Mexico, El Salvador, Argentina, Ireland, Portugal, Jamaica, Mozambique, and Zambia. The company is also active in Croatia, Ecuador, Italy, Sweden, and the USA. Neoen's flagship assets include France's most powerful solar farm in Cestas (300 MWp), and two of the world's largest lithium-ion batteries: Hornsdale Power Reserve (150 MW / 193.5 MWh) and Victorian Big Battery (300 MW / 450 MWh), in Australia.

A player in the fight against global warming and the energy transition, Neoen's mission is to design and implement the means to produce the most competitive renewable electricity, sustainably and on a large scale. As a responsible company whose long-term vision is reflected in a strong and sustainable growth strategy, Neoen is targeting more than 10 GW capacity in operation or under construction by end of 2025.

Neoen (ISIN Code: FR0011675362, ticker: NEOEN) is listed in Compartment A of the regulated market of Euronext Paris. For more information: www.neoen.com

Role purpose

Our Australian **Project Finance Team** is looking for a **Project Finance Analyst** reporting to the Head of Project Finance.

You will focus on all financing aspects of Neoen's Australian projects including financial modelling, investment analysis, and transaction support. You will also work closely with the development team, by providing financing inputs and managing financial models, making sure they comply with group policies and guidance and reflects the funding and structuring assumptions, in order to support the growth and operations of Neoen in Australia.

You will have the following responsibilities:

- Development stage – supporting the development team through:
 - Ensuring the financial model for development assets are up to date, transparent, and robust
 - Providing reliable modelling outputs and scenario evaluations to support PPA / grant funding RFPs and EPC procurement decision making
 - Providing analytical and quantitative support
- Financing stage – supporting the financing process through:
 - Building and adapting a financial model to lender and project requirements to financial close
 - Liaising with the construction, development, and procurement teams to ensure the model is up to date and provide regular management updates
 - Supporting the Project Finance Manager in coordinating the closing processes
- Construction and Operation stage – supporting the asset through:
 - Supporting financial controllers in providing bank reports and technical waivers when necessary
 - Ensuring the project is compliant with contractual commitments
- Transactions – providing financial analysis in support of M&A activities

Candidate profile

- Baccalaureate + 5 years qualification in a relevant discipline: Applied Finance, Economics, Commerce, Actuarial Studies, Mathematics, Engineering
- Prior experience (internships or post-graduate employment) in financial modelling with demonstrated quantitative and financial analysis, ideally gained within the Project Finance division of a Bank / Professional Services or Advisory firm / Sponsor in the Energy / Utility / Infrastructure Sector
- High attention to detail
- Fluency in English

Conditions

- EU citizenship is required to qualify for the VIE program
- Based in Sydney
- Starting date : January 1st 2023 for a duration of 18 months
