Pricing of Additional Green Senior Secured Notes due 2031 by Neoen FINCO PLC

Neoen Finco Plc, a wholly-owned subsidiary of Neoen Limited, announced today that it has priced €50 million aggregate principal amount of additional 5.5% Green Senior Secured Notes due 2031 (the “**New Notes**”) by way of a private placement (the “**Placement**”). The gross proceeds of the Placement will be used (i) for general corporate purposes and (ii) to pay any fees, costs and expenses incurred in connection with the Placement.

The New Notes will be issued at an issue price of 101.5%. The New Notes will constitute a further issuance of the Issuer’s Green Senior Secured Notes due 2031, which were originally issued in the aggregate principal amount of €650 million (the “**Existing Notes**”). The New Notes will form a single series with the Existing Notes.

We intend to allocate an amount equal to the net proceeds of the Placement to finance or refinance, in whole or in part, capital expenditure and operating expenses of a portfolio of eligible green projects that meet the eligibility criteria set forth in our Green Financing Framework, which is available on our website.
